FAQ

Do you need the internet to use Jamboard?

Yes. To set up the board, an Internet connection is required. In offline mode, Jamboard supports core drawing functionality. However, online connectivity is required for sharing, saving to Drive, handwriting recognition, connecting to a meeting and other Jamboard features.

How many people can use Jamboard at once?

Jamboard supports up to 16 touchpoints at once on a single device. An entire team can join the same jam from other Jamboards and phones and tablets with the Jamboard app.
