

Google Jamboard for Higher Education

Jamboard brings the timeless form factor of the whiteboard to the cloud. Elevate collaborative education, whether you're working together in a group seminar setting or looking to make distance learning more engaging.

- 55" 4K UHD display
- 16 simultaneous touch points
- Handwriting + shape recognition
- 2 x Fine tip passive stylus
- Built in wide angle camera

Visible, accessible learning

Google Jamboard is an engaging, natural feeling interactive canvas for students to express themselves at school.

Make real world connections

Bring a whole world of web into brainstorm with Google Search or invite outside contributors and experts to coauthor work with students using the free Jamboard app

Portable and quick setup

It's easy to move between classrooms or study spaces, with just a single cable for power. Everything else is wireless, so you can start jamming right away.
