EX605 | BenQ Smart Projector

XGA | 4,000 Lumens

USB-A x 3 | USB Reader | HID Support | Android 9 | Wi-Fi

Key Features

- SmartEco: A compact and light weight design that features a SmartEco mode which continually adapts the amount of lamp power used based on the content of each projected frame. EX605 also comes equipped with a pre-loaded Smart Dashboard app that calculates real-time cost savings.
- Android 9 Built-in: Engage students with interactive quizzes on Kahoot!, share assignments through Google Classroom, or access BenQ AMS for easy content management, all directly from Smart Projector itself.
- Wireless Mirroring: Supports Airplay, Miracast, Google casting and BenQ's InstaShare 2.
 The projector's mirroring settings also allow you to set priorities and preferences for mirrored devices.

Summary

Introducing EX605, an Android-based smart projector designed specifically for education. This all-in-one 4,000-lumen high brightness smart projector eliminates the need for a separate PC, making digital learning more accessible than ever. Teachers and students can open apps directly on the BenQ EX605, easily accessing online resources in the classroom.
