Read me before downloading the firmware

Apply BenQ Model: RP6502, RP7502, RP8602

1. Before downloading the firmware, please check the BenQ part number.

   BenQ part number

Model	Part Number
RP6502	9H.F6MTK.xxx
RP7502	9H.F6RTK.xxx
RP8602	9H.F6STK.xxx

2. Kindly refer to the last 3 digits of the part number and download the corresponding firmware.

Model	SKU	FW version
RP6502	DE1, DE2, DE3, DP1, DP2, DP3, DA1, DA2, DA3, DN1, DN2, DN3, DC1	v1.0.0.xx
	DE4, DP4, DA4, DN4	v1.2.0.xx
RP7502	DE1, DE2, DE3, DP1, DP2, DP3, DA1, DA2, DA3, DN1, DN2, DN3, DC1, DT3	v1.0.0.xx
	DE4, DP4, DA4, DN4	v1.2.0.xx
	DE5, DP5, DA5, DN5, DE6, DP6, DA6, DN6	v1.3.0.xx
RP8602	DE1, DE2, DE3, DP1, DP2, DP3, DA1, DA2, DA3, DN1, DN2, DN3, DC1, DT2, DT3	v1.0.0.xx

   Note: Last 2 digits of firmware version will depend on the current latest firmware.

   How to find BenQ Part Number

   BenQ Part Number can be found on the spec label at rear side of the unit.

   If you are having trouble to find the Part Number, please provide the Serial Number to local BenQ Support and we can check it for you.

3. There are 2 types of firmware available for download. Kindly select the one that suitable for you.

OTA_FW	Upgrade the system firmware and keep all the user setting
Image_FW	Upgrade the system firmware and reset everything

You can find the firmware upgrade SOP from the zip file that you downloaded.
